DESCRIPTION

Utilized design principles to create effective and innovative concepts for branding/corporate identity packages, editorial spreads, advertisements, packages, and web and new media projects.

In depth knowledge of design concepts including layout, colour, typography and print.

Experience working on a Mac and Windows platform and proficient in all elements of design.

Manipulated and prepared files for press, including photos and illustrations using Illustrator and Photoshop, along with final layouts using InDesign.

Produced both print and web ready files, including HTML to develop web ready.

Designed websites and new media projects using Dreamweaver and Photoshop, and familiar with current web design trends and techniques.

Developed innovative design solutions for marketing material including brochures, business cards, posters, sale sheets, t-shirts and magazines using InDesign.

Created technical illustrations, such as manuals and maps using Illustrator.

Manipulated 2D and 3D rendering using Illustrator and Photoshop.

Trained in photography and established basic skills for the use of design.

Organized, able to manage multiple projects, and meet required deadlines.

Work well with others and have the ability to adjust to shifting priorities.
