ABOUT ME

My name is Kourtney Will, I am currently a third year student attending Georgian College. I am well trained as a graphic designer in both print and web based platforms, I thrive to create amazing works using the Adobe Creative Suite. Personally I prefer web production but I am always trying to increase my knowledge of print production in my endeavours.

I am trying to constantly learn; whether it be random weird facts on the internet or for graphic design you will almost always see me with my computer open somewhere.

PORTFOLIO

For this assignment I was tasked with creating a trio of Magazine Covers, for the first one I created a Holiday themed Tattoo Magazine cover. The magazine was called Just Ink, which was a November and December 2016 cover.

I created the logo using what I would consider a tattoo style typeface, and bled that into a serif typeface. On the cover I decided to bleed off the image of the snowman and kept with the same colour theme throughout the magazine cover.

On the next 2 pages are the continuation of this series.

PORTFOLIO

For this assignment I was tasked with creating a trio of Magazine Covers, for the second one I created a Woman's New Years Edition. The magazine was called Just Ink, which was a January to February 2017 cover.

I created the logo using what I would consider a tattoo style typeface, and bled that into a serif typeface. On the cover I decided to bleed off the image of the woman and kept with the same colour theme from the past magazine cover.

On the next and previous pages are the continuation of this series.

PORTFOLIO

For this assignment I was tasked with creating a trio of Magazine Covers, for the last one I created an Adam Levine based edition. The magazine was called Just Ink, which was a September to October 2016 cover. I wanted to add to the two magazine covers from before so I worked backwards instead of forwards.

I created the logo using what I would consider a tattoo style typeface, and bled that into a serif typeface. On the cover I decided to bleed off the image of Adam Levine and kept with the same colour theme from the past magazine cover.

On the previous pages are the continuation of this series.

PORTFOLIO

For this assignment I was tasked with creating a poster for the Province Saskatchewan, the poster I wanted to keep clean and simple. I wanted it to catch your eye and keep its attention, the point of this assignment was to create more tourists and interest in coming to Saskatchewan.

One neat thing I learned about Saskatchewan was that \$1.5 billion dollars is spent on Saskatchewan per year from tourist, anglers, and hunters every year.

PORTFOLIO

For this assignment I was tasked with creating a car wrap for Mario Design, car wrap company in Barrie, Ontario. I created the stencil in the background and then overlayed it on a red to yellow gradient.

PORTFOLIO

Suites at
Silver Bay

New Condominium opening up
across from Opal Ridge and the
fairways of the Bayside Golf
and Country Club.

Pre-construction
pricing starts at
\$289,900.

Attention Barrie Suites at Silver Bay
wants you to welcome the newest
Condominium opening in Barrie.
This new Condominium is
contemporary, fresh, modern and
new. With your choice of 1 bedroom,
1 bedroom plus a den, 2 bedroom,
2 bedroom plus den and suite
designs that include a full array of
contemporary features and finishes
including 1 parking space.

For this assignment I was tasked with creating a newspaper advertisement for Suites at Silver bay, it is an advertisement that is meant for The Toronto Star.

The advertisement was meant to entice people to rent or purchase the apartments that were going to be built in Barrie.

I wanted to keep a clean and modern looking advertisement which is why I went with the clean border.
